To better identify and assist struggling students and avoid unnecessary placement into special education services, the service delivery model response to intervention (RTI) is used with the general education population. Even though RTI has been studied in elementary schools for many years, further research on its use at the secondary academic level is scarce. *Advanced Strategies and Models for Integrating RTI in Secondary Schools* provides emerging research exploring the advanced theoretical and practical aspects of the use of RTI to assist teachers in providing research-based instructional strategies to students who are failing their academic subjects. Featuring coverage on a broad range of topics such as behavioral response, progress monitoring, and career readiness, this book is ideally designed for educators, researchers, and academic professionals seeking current research on the most effective models in place to promote positive student academic achievement.

Implementing Rti With Gifted Students shares how Rti can fit within the framework of gifted education programming models. This edited book will serve as a reference guide for those interested in learning more about Rti and how it might be effectively implemented to meet the needs of all gifted students. Chapters contributed by top gifted education experts focus on topics including tiered supports and services for gifted learners; screening, assessment, and progress monitoring; evidence-based practices; popular gifted education models that fit within a tiered framework; and diversity. Additional resources for schools include a self-assessment needs survey; guidelines for planning; forms, templates, and timelines for getting started; and rubrics for reviewing implementation fidelity and progress.

Learn how to help struggling middle & high school students through the implementation of Response To Intervention (RTI). This book provides advice for tailoring RTI to the realities of secondary settings, including compartmentalized instruction, highly demanding curriculum expectations, complex schedules and students who are approaching adulthood and have a significant voice in their own education program.

This book provides guidance for educators (teachers, support staff, school administrators and instructors in schools of education) to assess, understand and address the needs of English language learners within the context of the Response to Intervention process. This book empowers general and special educators, as well as support staff, to take on important roles and activities without necessarily having to speak the student's native language.
