What happens to our pets after they die? Is there another realm where they coexist with our departed human loved ones? Are they happy and free from pain? Award-Winning Animal Communicator and Psychic Medium, Karen Anderson, reveals tantalizing evidence that our pets communicate with us throughout their lives as well as after their physical death. Will this evidence prove that our pets continue to send us messages and signs from the Other Side? You be the judge. Discover how pets feel about death, euthanasia, cremation, reincarnation and so much more. Was it their time to die? Do the pets we had to euthanize forgive us? Included are actual sessions with departed animals sharing their loving thoughts and insightful messages. If you are grieving the loss of your beloved pet, you will also learn how to work through your grief and move into healing. The purity of the animals' messages may surprise you and they may even present new perspectives about life after death. Discover how deeply your pets love you and how the bonds of love never die as you journey into the amazing afterlife of animals. What messages await you?

ORCS LIVE FOR WAR The race of Orcs are the last remnants of an ancient and brutal world that has been left behind by the civilizations of man, Dwarf, and Elf. The marauding orcs find themselves under attack by an alliance bent on purging the world of its savage past in order to make room for a new age of peace and growth. Under the guidance of their shamanic leader a barbaric tribe of orcs fight back, joined by trolls and goblins as they struggle to survive a journey of self-discovery and holocaust. Beset upon all sides by countless enemies, the horde forges the ancient weapons of a dark god to launch the final campaign on a world no longer their own. A fierce tale of violence and anti-heroinism.

In "Soul Contracts," intuitive coach and consultant Danielle MacKinnon helps you recognize and release the energetic barriers lodged deep in your soul, called soul contracts. Born out of despair, fear, pain, or anger, a soul contract is an unconscious promise that you've made with yourself in the past that is now hindering your ability to move forward in life. Through a five-step process, you can identify, master, and release these hidden blocks, and thus unlock your greatest potential.

The series serves to propagate investigations into language usage, especially with respect to computational support. This includes all forms of text handling activity, not only interlingual translations, but also conversions carried out in response to different communicative tasks. Among the major topics are problems of text transfer and the interplay between human and machine activities.

In this second edition essential guide some 150 key genres, movements, theories and production terms are explained and analysed with depth and clarity.

An anniversary edition of an influential book that introduced a groundbreaking approach to the study of science, technology, and society. This pioneering book, first published in 1987, launched the new field of social studies of technology. It introduced a method of inquiry—social construction of technology, or SCOT—that became a key part of the wider discipline of science and technology studies. The book helped the MIT Press shape its STS list and inspired the Inside Technology series. The thirteen essays in the book tell stories about such varied technologies as thirteenth-century galleys, eighteenth-century cooking stoves, and twentieth-century missile systems. Taken together, they affirm the fruitfulness of an approach to the study of technology that gives equal weight to technical, social, economic, and political questions, and they demonstrate the illuminating effects of the integration of empirics and theory. The approaches in this volume—collectively called SCOT (after the volume's title) have since broadened their scope, and twenty-five years after the publication of this book, it is difficult to think of a technology that has not been studied from a SCOT perspective and impossible to think of a technology that cannot be studied that way.

George R.R. Martin's A Song of Ice and Fire series is a worldwide phenomenon, and the world of Westeros has seen multiple adaptations, from HBO's acclaimed television series to graphic novels, console games and orchestral soundtracks. This collection of new essays investigates what makes this world so popular, and why the novels and television series are being taught in university classrooms as genre-defining works within the American fantasy tradition. This volume represents the first sustained scholarly treatment of George R.R. Martin's groundbreaking work, and includes writing by experts involved in the production of the HBO show. The contributors investigate a number of compelling areas, including the mystery of the shape-shifting wargs, the conflict between religions, the origins of the Dothraki language and the sex lives of knights. The significance of fan cultures and their adaptations is also discussed.

Communications from beloved pets are seen by thousands every day. Some messages are given in ways that do require an acute awareness, and more interpretation as well. From the Heavens above, Signs are given by deceased pets to connect with their families they left behind. Oftentimes, the gifts they share are unseen or are difficult to identify.Learning to speak the Language of Spirit requires practice, but once identified, the joy of hearing from your Pet in Spirit can bring great comfort. This book is an ABC's narrative for identifying signs, messages, and signals from the Afterworld. It shares a simple way to look for, and read, communications from Pets in the Hereafter.For anyone looking to continue their relationship with a beloved Pet in the Afterlife, this book can help you identify their Gifts from Heaven.Love lives forever... and so do our Souls...
