The hardcover, fully updated edition of the only multi-craft trade guide Respected by generations of skilled workers, Audel Millwright's and Mechanic's Guide is the only trade manual to cover maintenance and troubleshooting for all the mechanical trades in a single volume. Now available in hardcover, it covers the newest equipment on shop floors as well as older machinery, sometimes more than 30 years old, for which little maintenance and repair information remains available. Millwrights, mechanics, machinists, carpenters, pipe fitters, electricians, engineers, and those who supervise them will find this book invaluable. The only hardcover maintenance and repair manual to cover all the mechanical trades in one guide This updated guide covers new industrial machinery as well as 30-year-old equipment for which little information can be found Essential for those who repair machinery as well as machinists, carpenters, pipe fitters, electricians, millwrights, mechanics, engineers, mechanical technicians, industrial maintenance managers, and construction tradespeople This hardcover edition of Audel Millwright's and Mechanic's Guide is as valuable to today's skilled workers as previous editions were to their fathers and grandfathers.

You've heard of love at first sight—but have you experienced love at first read? Introducing six of the most talented new voices in contemporary women's fiction. Prepare to fall head over heels for... Beautiful Disaster by Jamie McGuire Abby Abernathy is a good girl, who could bring the ultimate bad boy to his knees...but not before the secrets of her own dark past come back to haunt her. Love Unscripted by Tina Reber Taryn Mitchell is nursing a recent heartbreak, and content to keep her distance from men for a while...until Hollywood's most sought after actor walks into her small-town pub and turns her world upside down. Naked by Raine Miller Brynne Bennett is an American art student in London swept up in a torrid love affair with a sexy, successful businessman—who proves to be as domineering in the bedroom as he is in the boardroom. One Tiny Lie by K.A. Tucker After navigating the death of her parents and her older sister's self-destructive phase, smart and stable Livie thinks Princeton should be a breeze—but Jell-O shots, a party-animal roommate she can't say "no" to, and Ashton, the gorgeous but arrogant captain of the men's rowing team were definitely not part of the plan... The Sea of Tranquility by Katja Millay A story of first love—and forever love: In the midst of a bustling high school, a fragile girl and a lonely boy find each other. As they grow closer, the attraction between them grows, too—but can either of them risk losing the friendship that's saved them from their troubled pasts for a romance that might just shape their future? Slammed by Colleen Hoover The unexpected death of her father has left Layken feeling lost and invisible—until she meets Will, her new neighbor and a passionate poet. Sparks soon fly...but a shocking discovery could bring their relationship to a slamming halt before it's even fully begun.

Today's financial landscape and what Wall Street doesn't want you to know Rigged Money is based on one simple truth: Wall Street needs money from Main Street, not the other way around. The financial industry has convinced the general public that investing across different asset classes is the only way to protect wealth, but this is an outdated rule that no longer applies. Since asset classes—small caps, large caps, international investments, gold, and bonds—now overlap when it comes to risk and volatility parameters, the diversification effect is gone. That's exactly what Wall Street doesn't want you to know—that the rules of the game have changed. Pie charts lie when it comes to accurately describing the risk of stocks and bonds Dividends Are No Silver Bullet: They are designed to entice investors rather than to increase a company's value or your net worth Buy and Hold is Dead: The financial world (and all the companies and securities in it) moves too quickly and is changing too often for this theory to hold true today Gold Is Not an Investment: Gold is today's currency of fear, and this fear is driven by escalating government debt An unflinching look at this new financial world, Lee Munson's Rigged Money arms today's investors with the simple, smart, and clear advice needed to level the playing field.

Atria Español Presents: The Best of Mexican Literature Get acquainted with the work of some of the greatest authors of Mexican heritage with Atria Español Presents: The Best of Mexican Literature. This sampler has all the ingredients that makeup some of the best books that Mexican Literature has to offer. You'll find excerpts from: Malinche by Laura Esquivel The Night Buffalo by Guillermo Arriaga The Secret Book of Frida Kahlo by F.G. Haghenbeck Across a Hundred Mountains by Reyna Grande People Like Us by Javier Valdés No matter what your literary preferences are, we know you'll find something here to satisfy you.

Unending war leads to the discovery of uneasy truths when two teens question the status quo in this riveting thriller. For as long as Tessa can remember, her country has been at war. When local golden boy Gideon Thrall is awarded a medal for courage, it's a rare bright spot for everyone in Tessa's town—until Gideon refuses the award, claims he was a coward, and runs away. Tessa is bewildered, and she can't help but follow Gideon to find out the truth. But Tessa is in for more than she bargained for. Before she knows it, she has stowed away on a rogue airplane and is headed for enemy territory. But all that pales when she discovers a shocking truth that rocks the foundation of everything she's ever believed—a truth that will change the world. Is Tessa strong enough to bring it into the light?

A GLOBE & MAIL BEST BOOK OF THE YEAR FOR 2012 “Glover is a master of narrative structure.” —Wall Street Journal In the tradition of E.M. Forster, John Gardner, and James Wood, Douglas Glover has produced a book on writing at once erudite, anecdotal, instructive, and amusing. Attack of the Copula Spiders represents the accumulated wisdom of a remarkable literary career: novelist, short story writer, essayist, teacher and mentor, Glover has for decades been asking the vital questions. How does the way we read influence the way we write? What do craft books fail to teach aspiring writers about theme, about plot and subplot, about constructing point of view? How can we maintain drama on the level of the sentence—and explain drama in the sentences of others? What is the relationship of form and art? How do you make words live? Whether his subject is Alice Munro, Cervantes, or the creative writing classroom, Glover's take is frank and fresh, demonstrating again and again that graceful writers must first be strong readers. This collection is a call-to-arms for all lovers of English, and Attack of the Copula Spiders our best defense against the assaults of a post-literate age. Douglas Glover is the award-winning author of five story collections, four novels, and two works of non-fiction. He is currently on the faculty of the Vermont College of Fine Arts MFA in Writing program. Praise for Douglas Glover "So sharp, so evocative, that the reader sees well beyond the tissue of words into ... the author's poetic grace." - The New Yorker "Glover invents his own assembly of critical approaches and theories that is eclectic, personal, scholarly, and smart ... a direction for future literary criticism to take." - The Denver Quarterly "A ribald, raunchy wit with a talent for searing self-investigation." - The Globe and Mail "Knotty, intelligent, often raucously funny." - Maclean's "Passionately intricate." - The Chicago Tribune "Darkly humorous, simultaneously restless and relentless." - Kirkus Reviews

In this brief, Mary Virginia Orna details the history of color from the chemical point of view. Beginning with the first recorded uses of color and ending in the development of our modern chemical industry, this rich, yet concise exposition shows us how color pervades every aspect of our lives. Our consciousness, our perceptions, our useful appliances and tools, our playthings, our entertainment, our health, and our diagnostic apparatus - all involve color and are based in no small part on chemistry.

This book is an examination of American army legal proceedings that resulted from a series of moments when soldiers in a war zone crossed a line between performing their legitimate functions and committing crimes against civilians, or atrocities. Using individual judicial proceedings held within war-time Southeast Asia, Louise Barnett analyses how the American military legal system handled crimes against civilians and determines what these cases reveal about the way that war produces atrocity against civilians. Presenting these atrocities and subsequent trials in a way that considers both the personal and the institutional the author considers how and why atrocity happens, the terrain of justification, and the degree to which the army and American society have been willing to take military crimes against civilians seriously. Atrocity and American Military Justice in Southeast Asia will be of interest to students, scholars and professionals interested in Military Justice, Military history and Southeast Asian History more generally.

This new text from best-selling author Patrick Carey uses the New Perspectives Series case-based, problem-solving approach to teach students JavaScript concepts and applications. It is designed for a full-semester course on JavaScript and is ideal for students have no prior programming experience.
