This English
translation of Michel
Serres' 1982 book
Gense captures in
lucid prose the
startling breadth and
depth of his thinking,
as he probes the
relations between
order, disorder,
knowledge, anxiety,

Online Library

Genesis

and violence. Written in a unique blend of scientific discourse and lyrical outburst, classical philosophical idiom and conversational intimacy, by turns angry, playful, refined or discordant, Genesis is an attempt to think outside of metaphysical categories of unity or

Online Library

Genesis

rational order and to make us hear--through both its content and form--the "noise," the "sound and the fury," that are the background of life and thought. Serres draws on a vast knowledge of such diverse disciplines as anthropology, classical history, music, theology, art

Online Library

Genesis

history, information theory, physics, biology, dance and athletics, and Western metaphysics, and a range of cultural material that includes the writings of Plato, Kant, August Comte, Balzac, and Shakespeare, to name a few. He argues that although philosophy has been

Online Library

Genesis

instrumental in the past in establishing laws of logic and rationality that have been crucial to our understanding of ourselves and our universe, one of the most pressing tasks of thought today is to recognize that such pockets of unity are islands of order in a sea of multiplicity--a

Online Library

Genesis

sea which cannot really be conceived, but which perhaps can still be sensed, felt, and heard raging in chaos beneath the momentary crests of order imposed by human civilization. Philosophy of science or prose poetry, a classical meditation on metaphysics or a stream-of-

Online Library

Genesis

consciousness
polemic and veiled
invective, Serres
mounts a quirky, at
times rhapsodical, but
above all a "noisy"
critique of traditional
and current models in
social theory,
historiography, and
aesthetics. The result
is a work that is at
once provocative,
poetic, deeply

Online Library

Genesis

personal, and ultimately religious--an apocalyptic call for the rebirth of philosophy as the art of thinking the unthinkable.

About the Book: "An intensely beautiful and rigorous meditation on the birth of forms amid chaos and multiplicity from a major philosopher

Online Library

Genesis

who is also an
exquisite craftsman of
the written word."

--William Paulson,
University of Michigan

"Serres exhibits a
rare, raw
tendentiousness
refreshing in its vitriol
. . . it's the sort of light-
hearted, perverse,
and basically liberal
tirade one hears too
infrequently of late."

Online Library

Genesis

--Word

"Examining recent scientific discoveries, astronomer and pastor Dr. Hugh Ross explores the opening chapters in Genesis and shows how they hold some of the strongest scientific evidence for the Bible's supernatural accuracy. Navigating

Online Library

Genesis

Genesis expands upon Ross' earlier book *The Genesis Question* (1998), integrating the message of both the Bible and science?without compromise?giving skeptics and believers common ground for dialogue."--Publisher's website.

Online Library

Genesis

This book presents in as clear a way as possible the New Testament material dealing with women and their roles in the context of the movement Jesus began. Dr Witherington begins by illustrating the roles of women in Judaism, in the Hellenistic world, and

Online Library

Genesis

in the Roman Empire. She goes on to show how Jesus broke significantly with convention in the way he viewed women and their roles, offering as he did a wholly new conception of the legitimate rights of women in society. An analysis follows of the apostle Paul's attitude

Online Library

Genesis

toward women, which shows how he agreed with and differed from the ideas of his contemporaries. The concluding chapters discuss the evangelists, whose selection and presentation of material with respect to women casts much light on the early Church's

Online Library

Genesis

understanding of women and their roles. This comprehensive survey, which avoids slanting its material to serve a modern patriarchal or feminist bias, comes to the exciting conclusion that we can see in the New Testament an attempt to reform the patriarchal orientation

Online Library

Genesis

of the day.

Sidney Greidanus's previous two preaching books -- The Modern Preacher and the Ancient Text and Preaching Christ from the Old Testament -- have received wide acclaim. Preaching Christ from Genesis offers more of

Online Library

Genesis

Greidanus's solid, practical homiletical fare. Packed with unique features, *Preaching Christ from Genesis* uses the latest scholarly research to analyze twenty-three Genesis narratives presents the rhetorical structures and other literary features of each narrative

Online Library

Genesis

discloses the message for Israel (theme) as well as the author's likely purpose (goal) explores various ways of preaching Christ from each narrative offers sermon exposition and commentary in oral style suggests relevant sermon forms, introductions, and applications

Online Library

Genesis

Including helpful appendixes -- "Ten Steps from Text to Sermon," "An Expository Sermon Model," and three of the author's own Genesis sermons -- this volume will be an invaluable resource for preachers and Bible teachers.
