The time-consuming task was replaced in January 1779 by the assignment of express riders to take the messages from Tallmadge to Washington. [24] Local tradition claims that Anna Strong , a resident of Setauket and a friend and neighbor of Abraham Woodhull, helped pass along messages from the spy ring by posting prearranged signals to indicate when one of the spies was ready to submit intelligence.

This historic time-travel fantasy is a riveting sequel to a bestselling classic. Ten-year-old Matt Carlton and six friends are accidentally swept back in time--to Boston in 1776! The British now occupy the city, and redcoat guards are everywhere! While the boys are being held captive by a den of Patriot spies, the girls have been taken in by a wealthy Tory family. The pox is rampant; danger lies around every corner--and there's no hope for returning home to their own time. How will these seven children survive? Readers will relish the nonstop action and humorous dialogue in this riveting sequel to Woodruff's bestselling novel, *GEORGE WASHINGTON'S SOCKS*.

Ten-year-old Matt and six other children are mysteriously swept back in time to 1776 Boston, living out American history as they meet Benjamin Franklin, learn about colonial medicine and become part of a rebel spy ring.

the days of George Washington and other American Revolutionary figures. Reprint.

While enjoying a innocent lakeside campout, five modern-day children are transported back in time to the days of George Washington and other American Revolutionary figures. Reprint.

In 1778, George Washington unleashed an unlikely ring of spies in New York to discover British battle plans.

During a school trip to Ellis Island, Dominick Avaro, a ten-year-old foster child, travels back in time to 1908 Italy and accompanies two young emigrants to America.

George Washington was America's first spymaster, and his skill as a spymaster won the war for independence. George Washington's Secret Spy War is the untold story of how George Washington took a disorderly, ill-equipped rabble and defeated the best trained and best equipped army of its day in the Revolutionary War. Author John A. Nagy has become the nation's leading expert on the subject, discovering hundreds of spies who went behind enemy lines to gather intelligence during the American Revolution, many of whom are completely unknown to most historians. Using George Washington's diary as the primary source, Nagy tells the story of Washington's experiences during the French and Indian War and his first steps in the field of espionage. Despite what many believe, Washington did not come to the American Revolution completely unskilled in this area of warfare. Espionage was a skill he honed during the French and Indian war and upon which he heavily depended during the Revolutionary War. He used espionage to level the playing field and then exploited it on to final victory. Filled with

File Type PDF George Washingtons Spy Time Travel Adventure

thrilling and never-before-told stories from the battlefield and behind enemy lines, this is the story of how Washington out-spied the British. For the first time, readers will discover how espionage played a major part in the American Revolution and why Washington was a master at orchestrating it.

On a freezing night in 1778, General George Washington vanishes. Walking away from the Valley Forge encampment, he takes a fall and is knocked unconscious, only to reappear at a dog park on San Francisco Bay-in the summer of 2014. Washington befriends two Berkeley twenty-somethings who help him cope with the astonishing-and often comical-surprises of the twenty-first century. Washington's absence from Valley Forge, however, is not without serious consequences. As the world rapidly devolves around them-and their beloved Giants fight to salvage a disappointing season-George, Tim, and Matt are catapulted on a race across America to find a way to get George back to 1778. Equal parts time travel tale, thriller, and baseball saga, Finding George Washington is a gripping, humorous, and entertaining look at what happens when past and present collide in the 9th inning, with the bases loaded and no one warming up in the bullpen.

When George Washington beat a hasty retreat from New York City in August 1776, many thought the American Revolution might soon be over. Instead, Washington rallied—thanks in large part to a little-known, top-secret group called the Culper Spy Ring. He realized that he couldn't defeat the British with military might, so he recruited a sophisticated and deeply secretive intelligence network to infiltrate New York. Drawing on extensive research, Brian Kilmeade and Don Yaeger have offered fascinating portraits of these spies: a reserved Quaker merchant, a tavern keeper, a brash young longshoreman, a curmudgeonly Long Island bachelor, a coffeehouse owner, and a mysterious woman. Long

File Type PDF George Washingtons Spy Time Travel Adventure

unrecognized, the secret six are finally receiving their due among the pantheon of American heroes.

Think you know everything about Washington? Think again. During the Revolutionary War, General George Washington (AKA "Agent 711") was the leader of a ring of spies! The group—called the Culper Ring—used secret names, codes, invisible ink, and more to spy on the British and pass along information. Nobody knew about it at the time (and few do so today), but those sneaky heroes risked their lives to help win the American Revolution! Illustrated throughout in black and white, with an appendix that includes photographs, bonus content, and links to primary source materials, this Totally True Adventures series book is ideal for supporting the Common Core State Standards and today's renewed interest in nonfiction. It's a thrilling read—made even better because it really happened!
