Health Assessment Online for Jarvis: Physical Examination and Health Assessment, 4th edition, is a cutting-edge collection of supplemental online teaching/learning materials for faculty and students in health assessment or physical exam courses. This library of more than 4,000 electronic assets provides a wealth of online resources to draw from in teaching this highly visual topic in conjunction with Jarvis: Physical Examination and Health Assessment. Online resources are organized by textbook chapter and within each chapter is a listing of assets by type, including thousands of ready-to-use animations, audio clips, glossary terms, images, interactive exercises, lab and diagnostic tests, PowerPoint slides, practice tests, test bank questions, video clips, and WeBLinks. Features 60 full-color animations that clarify anatomic and physiologic processes and provide a realistic graphic foundation of underlying structures and functions, such as pulmonary circulation, events of the cardiac cycle, and sensory and motor pathways of the CNS. Includes 19 cardiac and 9 respiratory audio segments that allow students to hear actual heart and lung sounds, including murmurs, friction rubs, crackles, and wheezes. Provides a complete glossary of terms to facilitate mastery of key terms and concepts. Includes 800 full-color images of anatomy, physiology, assessment procedures, and normal and abnormal findings for making lectures or online assignments more visual and engaging. Features 280 interactive exercises using a variety of engaging activities such as Hangman, Quiz Show, Cryptogram, and Memory Match. Presents 65 lab and diagnostic tests as a reference to aid in understanding the lab values that can affect assessment findings. Provides 250 PowerPoint text slides to enhance classroom lectures. Incorporates 28 practice tests with the ability for an instructor to select up to 50 questions per chapter for online student testing. Includes over 900 secure test bank questions in NCLEx format with coded answers and rationales. Features 180 full-color video clips demonstrating step-by-step physical exam procedures performed on patients. Includes over 1,800 WeBLinks to stable Internet sites researched by a reference librarian for doing further research or incorporating into online assignments.

This cutting-edge collection of over 4,000 online assets provides a wealth of resources to draw from in teaching or taking health assessment or physical exam courses in conjunction with Wilson: Health Assessment for Nursing Practice. Online resources are organized by textbook chapter and within each chapter is a listing of assets by type, including thousands of ready-to-use animations, audio clips, evaluation forms & checklists, glossary terms, images, interactive exercises, lab and diagnostic tests, practice tests, video clips, and WeBLinks. Features 60 full-color animations that clarify anatomic and physiologic processes and provide a realistic graphic foundation of underlying structures and functions, such as pulmonary circulation, events of the cardiac cycle, and sensory and motor pathways of the CNS Includes 19 cardiac and 9 respiratory audio segments that allow students to hear actual heart and lung sounds, including murmurs, friction rubs, crackles, and wheezes Provides a complete glossary of terms to facilitate mastery of key terms and concepts Includes 900 full-color images of anatomy, physiology, assessment procedures, and normal and abnormal findings for making lectures or online assignments more visual and engaging Features 235 interactive exercises using a variety of engaging activities such as Hangman, Quiz Show, Cryptogram, Memory Match Presents 65 lab and diagnostic tests as a reference to aid in understanding the lab values that can affect assessment findings Incorporates 27 practice tests (945 questions) for online student testing Features full-color adult and pediatric video clips demonstrating over 220 step-by-step physical exam procedures performed on both adult and pediatric patients Includes extensive WeBLinks to stable web sites provided by a research librarian for further research or incorporating into online assignments Features 15 health promotion guides outlining Healthy People 2010 objectives Incorporates 23 risk factor guides corresponding to the textbook Includes 24 student lab guides to help students evaluate assessment skills at-a-glance

This cutting-edge course supplement provides a range of visual, auditory, and interactive elements that amplify course content, synthesize concepts, reinforce learning, and demonstrate practical applications. Offering a multidimensional experience that isn't possible in a traditional classroom setting, Health Assessment Online helps students master unfamiliar concepts in a unique and entertaining way! Tailored around the content of the Seidel: Mosby's Guide to Physical Examination, 5th Edition line of products, this unique program provides WeBLinks, content updates, power point text slides, a test bank, interactive exercises, checklists and forms, an image collection, practice tests, audio clips, animations, and video clips. Also included is a reference section with diagnostic and laboratory tests and a glossary. Whether used as a supplement to lecture-format classes, for distance learning via the Internet, or as a tool for self-study in the learning lab, Health Assessment Online offers a wide array of interactive tools that reinforce learning and make instruction easier. Course management software - with communication options and administrative tools - saves instructors time and energy and helps deliver an innovative and dynamic learning environment for students. Calendars provide a location to post project deadlines and other important dates. A customizable instructor syllabus - including lesson descriptions, dates, and assignments - can be created and posted with ease. The gradebook function allows instructors to set up electronic gradebooks for each class they supervise. A bulletin board is available so instructors can post important updates and course information. An online exam administration feature records results in the gradebooks. Content is included from the entire family of Seidel: Mosby's Guide to Physical Examination, 5th Edition products.

Both a comprehensive lab manual and a practical workbook, the Study Guide and Laboratory Manual for Physical Examination and Health Assessment 8th Edition, gives you the tools you need to master physical examination and health assessment skills. Corresponding to the best-selling Jarvis textbook, this guide features reading assignments, terminology reviews, application activities, review questions, clinical learning objectives, regional write-up sheets, and narrative summary forms, with answers at the back to facilitate both learning and review. The 8th Edition has been thoroughly updated throughout with a fresh focus on interprofessional collaboration to prepare you for the skills laboratory and interprofessional collaborative practice. Authoritative review and guidance for laboratory experiences personally written by Dr. Jarvis to give you a seamlessly integrated study and clinical experience. Consistent format throughout text includes Purpose, Reading Assignment, Terminology Review, Study Guide, and Review Questions in each chapter. Essential review and guidance for laboratory experiences familiarizes you with physical examination forms and offers practice in recording narrative accounts of patient history and examination findings. Study Guide in each chapter includes short-answer and fill-in-the-blank questions. The only full-color illustrated lab manual available for a nursing health assessment textbook enhances learning value with full-color anatomy and physiology labeling activities and more. NEW! Updated content throughout corresponds to the 8th edition of the Jarvis textbook and reflects the latest research and evidence-based practice. NEW! Enhanced integration of interprofessional collaboration exercises helps you create an SBAR report based on a brief case.

Specifically designed to match the content in Health Assessment in Nursing, Fourth Edition, this lab manual will help students practice and apply the information they learn in their physical assessment course.

This package contains the following products: 9780781780629 Jensen Nursing Health Assessment 9780781780605 Jensen Laboratory Manual to Accompany Nursing Health Assessment 9781451118827 LWW Nursing Health Assessment Online 9781451105308 LWW SimAdviser Access for Textbook of Medical Surgical Nursing

Undergraduate nursing in physical and health assessment, the text begins with introductory concepts, such as overall health assessment, conducting a health interview and health history, as well as documentation. The second half is organized by body systems, and each chapter reviews anatomy and physiology, teaches students how to conduct an interview, and walks students through the examination for that body system. With our three step approach, we will help students prepare for success. "Learn the techniques"Demonstrate your skills"Practice and test yourself This is a program that combines the text and media in order to create an integrated teaching and learning system. Media is a driving force in this course, possibly more than any other nursing course. With our program, the difference is, the media is chapter specific.

This package contains the following products: · 978-0-7817-8062-9 Jensen: Nursing Health Assessment: A Best Practice Approach · 978-0-7817-8060-5 Jensen: Laboratory Manual to Accompany Nursing Health Assessment: A Best Practice Approach · 978-1-60831-095-1 Jensen: Lippincott's Health Assessment Video Series: Access Code to Online Streaming Video
