Balbus noted that the MDGs tend to include indicators that relate to just one goal, and wondered if the next round of global goals will allow for a crosscutting indicator like PM 2.5, which has its own intrinsic value as a health indicator but is also connected to everything from agriculture to transport to energy production. Murray explained that during the process leading to the creation of the MDGs, an indicator of household air pollution, namely, the fraction of households using solid

The Department of Health, WA are working in partnership with the Australian Digital Health Agency on the National Goals of Care Collaborative. The aim of the Collaborative is to increase the use of Advance Care Planning (ACP) documents and Goals of Patient Care (GoPC) clinical documents in the My Health Record (MHR) system for record sharing and collaboration.

Goals of patient care - Department of Health

Establishing sets of indicators for health promotion would provide practitioners with the tools for systematically conducting the intermediate follow-ups that are currently lacking. It would help to pinpoint and articulate areas of development for projects and programmes, thereby increasing possibilities for goal attainment (Macdonald, 1992). Quality assurance would also provide a basis for dialogue with purchasers on providing adequate funding for creating and maintaining quality ...
