Plague: Black Death and Pestilence in Europe | The English

...

The Black Death, or plague, arrived in England in the Summer of 1348 and by August/September it arrived in London and took hold of the city with brutal force. 'The pestilence arrived in London at about the feast of All Saints [1st Nov] and daily deprived many of life. It grew so powerful that between Candlemass and Easter [2nd Feb-12th April] more than 200 corpses were buried almost every day in the new burial ground made next to Smithfield, and this was in addition to the bodies buried in ...

The Black Death or "The Great Pestilence" – Tudors Dynasty

The second plague pandemic was a major series of epidemics of plague that started with the Black Death, which reached Europe in 1348 and killed up to a half of the population of Eurasia in the next four years. Although the plague died out in most places, it became endemic and recurred regularly. A series of major epidemics occurred in the late 17th century, and the disease recurred in some ...
