I had one on my Tracker and I sold it for \$175, but it was a 2000 model and was 12 years old when I sold it. \$200 to \$250 might be more in the range if it is a 12 volt model. Mine was 12 volt. You can start at \$300 and if you get no interest, then lower the price. Also got to consider if you want to ship it, because that will be a bit pricey. I was able to sell mine locally through an ad on here.
