"The Pig Who Sang to the Moon" is an enormously valuable collection of information and anecdotes that will help us all move a little closer to shedding the veil of denial about who animals are. We'll be the richer for it, as we dissolve the boundaries between "us" and "them" and renew our connection with all the creatures who share our planet.

The Pig Who Sang to the Moon is a beautiful testament to the lives of the voiceless millions of farmed animals who are cruelly hurt and killed every day. I think it is the most important book I have ever read. Someone should speak up for the animals, and I admire Jeffery Moussiaeff Masson for being the one to do it.
