It encourages future administrators to participate in meaningful conversations about effective professional development and learning transfer. The hope is to better understand how school leaders can plan, assess, and follow up post professional development events using a Multidimensional Model of Learning Transfer (MMLT).

~~Learning Transfer: The Missing Linkage to Effective~~—

Whether you're a student or working professional looking to keep your skills current, the importance of being able to transfer what you learn in one context to an entirely new one cannot be overstated. Of course, the goal of any learning or training is to eventually be able to apply it in real-world situations, but... Read More

~~10 Ways to Improve Transfer of Learning—Informed~~

Alice F. Healy, Erica L. Woldmann, in Psychology of Learning and Motivation, 2012. 2 Definitions and Contrasts 2.1 Transfer and Retention. Transfer of learning is highly related to retention of learning. In both cases, performance is assessed both during learning itself and during testing after learning is completed, with the test often occurring after a delay.

~~Transfer of Learning—an overview—ScienceDirect Topics~~

Transfer of training is effectively and continuing applying the knowledge, skills, and/or attitudes that were learned in a learning environment to the job environment. Closely related to this concept is Transfer of Learning(the application of skills, knowledge, and/or attitudes that were learned in one situation to another learning situation (Perkins, 1992). This increases the speed of learning.

~~Transfer of Learning—inst.com~~

Transfer learning is mostly used in computer vision and natural language processing tasks like sentiment analysis due to the huge amount of computational power required. Transfer learning isn't really a machine learning technique, but can be seen as a "design methodology" within the field, for example, active learning.

~~What is Transfer Learning? A Simple Guide—Built In~~

What is Transferof learning. Transfer of Learning is ensuring what people learn on training programs is transferred into real business results. Learn how transfer of learning enables individuals to transfer new skills and knowledge from a learning environment into their habitual behaviours at work. Effective learning transfer is essential for maximising learning outcomes.
